AURA CORE

SOFTWARE

ProMG / AUDIO CONTROL SYSTEM

ProMG INTERFACE CONCEPT

Desktop | **iPhone / iOS** | **Android**

One control experience.

Processing, routing and control across the AURA CORE platform.

Your audio.
Within reach.

ProMG brings the control experience of AURA CORE to the computer and the mobile devices you use every day.

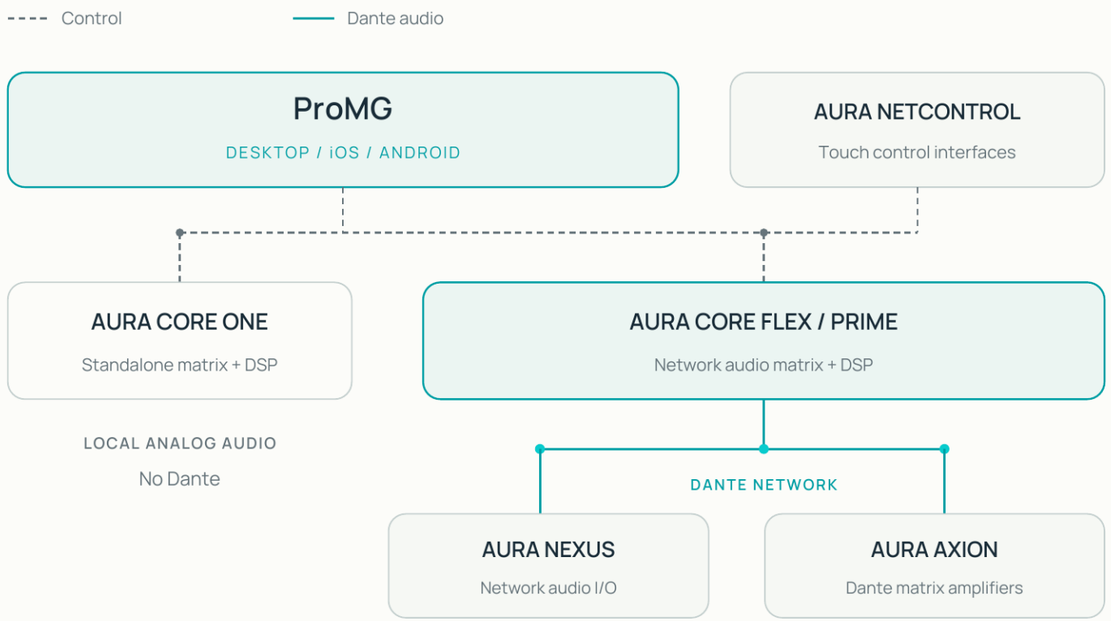

01 Matrix routing
Define how sources reach the outputs of the CORE platform.

02 Audio processing
Shape and manage audio signals within the central processing platform.

03 Mixing
Bring audio sources together and manage their levels.

04 System control
Operate the CORE system from desktop, iOS or Android.

CONTROL AT THE HEART OF AURA

Dante network audio links apply to CORE FLEX and CORE PRIME.
